

THE SALK INSTITUTE

December 11, 1990

Dr. Harmon C. McAllister
Research Director
The Council for Tobacco Research - U.S.A., Inc.
900 Third Avenue
New York, NY 10022

Dear Dr. McAllister:

Thank you very much for your check for \$500 towards support of the FEBS Course on Oncogenes and Growth Control to be held in Moscow and Kiev in June, 1991. This money will be used to help defray the cost for students who are unable to get funding to attend the course. We chose to have the course in Russia for two reasons: (i) a large number of Russian and Eastern European Scientists have not had the opportunity to travel abroad and be aware of the recent developments in the field; and (ii) the overall enthusiasm that young scientists in these countries have displayed for science suggest that they are highly motivated and would like to participate in the ongoing modern biological research.

Again, we thank you for your support for this Course. With best wishes.

Yours sincerely,

Inder M. Verma, Ph.D.
American Cancer Society
Professor of Molecular
Biology
